RIC ENDORSES ONE OF OUR OWN: NIKKI HALEY IS THE BEST CHOICE TO BE THE NEXT GOVERNOR OF SOUTH CAROLINA

In response to the overwhelming support and enthusiasm of Indian American Republicans nationwide, the Republican Indian Committee is proud to endorse one of our own, South Carolina State Representative Nikki Haley, in the race for the Republican nomination for Governor of South Carolina.

Haley touts the strong work ethics and family values of her Indian American family who came to America with little money and ended up establishing a multi-million dollar business. RIC's National Executive Director Dilip Paliath, an attorney and formerly a candidate for the Maryland General Assembly, remarked: "Her family is a model replicated by many Indian American families across the country and hence Haley's path to victory as the first Indian American Governor of South Carolina is heralded with much pride and enthusiasm."

RIC National Political Director Puneet Ahluwalia pointed out: "Nikki Haley, an accountant by profession, who has worked for her family-owned business from an early age, is someone with a proven track record as a member of the South Carolina State Legislature. She can indeed lead her State back to economic prosperity and deliver accountability and transparency in State government. She just happens to be an Indian American and so we are proud of her."

We urge the Indian American community to come together as a single voice to support their values and one of their own. We ask that you donate to the Nikki Haley campaign. It is easy! Just go to the web link below and make your contribution.

Thank you for your support.
