**RIC ENDORSES ONE OF ITS OWN: JODY VENKATESAN FOR
MARYLAND STATE SENATE**

The Republican Indian Committee (RIC) is proud to endorse one of our own, Jody Venkatesan, in the race for the Republican nomination for Maryland Senate, District 13 (Howard County).

Jody's father, a Tamil immigrant who came to the United States in 1968, instilled in his son the values of hard work, honesty and community service. RIC strongly believes that Jody is a candidate who can help to restore and revitalize the Maryland economy. He would be a pragmatic representative who would focus his energies on creating jobs throughout the State of Maryland.

Jody's credentials make him imminently qualified to represent the people of Howard County and Maryland. Jody is a U.S. Army Veteran, who specialized in counterintelligence, counterterrorism, signal intelligence and information security.

Professionally, as an auditor, Jody has led numerous independent audits of large government agencies and Fortune 500 companies and is experienced in writing cost-effective recommendations to ensure that government processes are efficiently executed. Jody holds undergraduate degrees in finance and international business and graduated *summa cum laude* in 1996 from Harding University.

He is a partner in a local CPA firm and spent his early career with Marriott International and with Manor Care Health Services. Quite simply, Jody has the right experience at a time when we desperately need representatives in government who understand real world economic issues and the needs of small business.

We urge the Indian American community from across the country to come together as a single voice and support one of our own. We ask that you donate to Jody's campaign by going to the link below or mailing checks to: Citizens for Jody Venkatesan, 8604 Garnet Rock Gate, Laurel, Maryland 20723.

Thank you for your support!
